

PROJECT TITLE: Montecito-Yanonali Street Bridge Replacement and Pedestrian Improvements Project

PROJECT OVERVIEW:

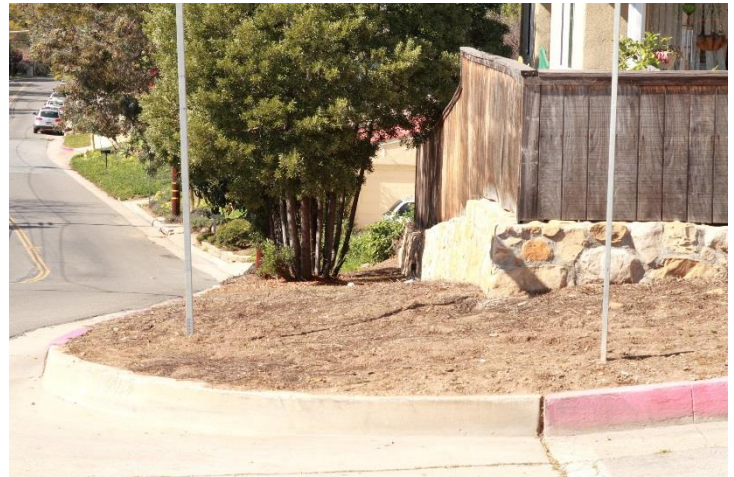

The Project will replace the existing bridge with a new structure to ease pedestrian and bicyclist traffic through the busy Montecito-Yanonali Streets intersection. The Project also includes the construction of a sidewalk on the north facing side of Salinas Street from Mason Street to Clifton Street.

PROJECT BENEFITS:

The goal of the Project is to encourage more people to walk to and from their destinations by providing a safe, aesthetically pleasing pedestrian environment. This Project will provide access to Cleveland and Franklin Elementary Schools and to the Eastside Neighborhood Park.
